*Assistant Principal*

September 27, 2021

To the parents of Arden Road TLC Students:

As you know, we learned last week that an individual filed a complaint alleging mistreatment of students in the TLC classrooms at Arden Road. In the interest of honesty and transparency, we notified all parents of TLC students about this allegation and committed to cooperating with any investigation that might come from it.

After receiving the allegation, an investigator from Child Protective Services, along with a detective from the Amarillo Police Department Special Victims Unit, conducted a thorough investigation. This morning, the investigator confirmed for us the investigation revealed no credible evidence of student mistreatment. As such, they now consider the matter resolved and plan no further action.

Since the investigation found no wrongdoing, the teachers in the TLC classroom will return to school and resume their duties immediately. Our primary goal remains to ensure student safety. We will work diligently to return the TLC environment back to normal operating conditions.

In the interest of student safety, Arden Road has requested video surveillance equipment to be installed in our TLC classrooms. We feel this added level of transparency and security instills confidence in our community that Arden Road holds itself to high standards of student safety and learning.

At Arden Road, we value the relationships we build with our students and their parents. We know that educating the whole child takes both of us. Consequently, we acknowledge and appreciate your unwavering support of our endeavors to empower your children to lifelong success. Thank you for entrusting us with the safety, academic growth, and social/emotional well-being of your child.

Professionally yours,

Travis Willard  
Principal  
Arden Road Elementary
